

SIGNIFICANT FOR LIFE

Do you like the name we've chosen for our group? ***Would you like to join us?*** We meet every other Tuesday morning from 10:30-11:30 for a time of Praise & Worship in Song, Testimonies, Prayer & a Devotional. Last week we decided that the offering we collect would go to Robin White to help cover his expenses as he travels to churches to share his vision for Japan. Our next meeting is on January 26th.

LION BANKS

It's time for an African Lion Safari! Kara and Natasha will be leaving soon for their mission trip to Sierra Leone, so we'd like to start rounding up all our *Sierra Lion banks!* Please bring your "lion" back in the next 2 weeks, full of money support for these two girls, and put them in the "cage" on the sanctuary stage. We'll give you a "roaring" update as soon as we get it all counted, and trust this will be a **GRRRRRREAT** encouragement for our girls!

HAITI

Many of you have been following reports this week of the cataclysmic destruction in Haiti. This is a clarion call for the church to respond to people's needs in any and every way that we can.

Today's benevolent offering will go toward this need. We are taking \$2000 out of funds already available in this fund and topping it off with whatever we receive this morning. When the Tsunami hit years ago, we gave a total of \$5000 in a very quick response.

Ordinarily we look for loonies and toonies. In light of this tragedy, it may be critical that each of us dig deeper in response. Our own financial needs, as a church and individuals, pale in the face of such pain and heartache.

I have a personal friend who remains unaccounted for as I write this note. Sgt. Mark Gallagher went to Haiti in July and returned home for a 3-week visit at over the Christmas vacation. He returned to Haiti and to his apartment this past Tuesday, within minutes of the earthquake. Your prayers for this family are coveted and necessary.

There has been interest vocalized from two of our people that we assemble a team of people to go as relief workers. If you have interest and flexibility to mobilize quickly, please indicate so on a Communication Card today, or email Scott Wood at coicanada@yahoo.ca. You can also indicate interest to Joni or any of the pastors. The man with the most experience and answers will be Scott Wood. Scott worked in the aftermath of the Katrina disaster for many months.

Dear brothers and sisters, this is a time to shine . . . to love God above all and others as a close second. This is the essence of who we are becoming at 1st.
